Bamboos ..	IV	53
Herbs, crude drugs and indigenous medicines.	IV	109
Kapek ..	V	122

PUBLIC NOTICES

IMPORT TRADE CONTROL

New Delhi, the 1st August 1950

Sub:—Production of quota certificates in support of figures of past imports.

No. 68-ITO(P.N.)/50.—A reference is invited to clause (i) of para 35 and clause (c) of para 38 of the Commerce Ministry Public Notice No. 14-I.T.C. (P.N.)/50, dated the 15th June, 1950, relating to principles governing the issue of Import Licences for July-December 1950, and the issue of advance Import Licences for January-June 1951.

2. Quota certificates issued by the licensing authorities concerned during the licensing period

July-December 1948 will also be accepted as one of the documents in support of basic year imports of the firms, where no new quota certificates have been issued in respect of the same imports in later periods

3. Clause (i) of para 35 and clause (c) of para 38 of the said Public Notice will be deemed to have been amended accordingly.

4. In clause (b) of para 38 of that Public Notice for paragraph 34, “paragraph 35” should be read.

Sub:—Production of documents in support of past imports.

No. 69-ITO(P.N.)/50.—A reference is invited to clause (ii) of paragraph 35 of the Commerce Ministry Public Notice No. 14-ITC (P.N.)/50 dated the 15th June 1950 regarding the principles governing the issue of import licences for July-December 1950 and the issue of advance import licences for January-June 1951

2. It has been decided that in the case of goods bonded on arrival, only triplicate copies of the Bills of Entry for Bond should be produced and not both Bills of Entry for Bond and from Bond. It will therefore not be necessary hereafter to produce the from Bond Bills of Entry.

3. It has further been decided that in the case of ‘duty free’ goods, Exchange Control Copies of Bills of Entry shall be accepted at all ports in support of past imports, and not only at Calcutta.

R. J. PRINGLE, Joint Secy.

RESOLUTION

TARIFFS

New Delhi, the 12th August 1950

No. 8(5)-T.B./50.—The Tariff Board, which was asked to enquire into the claim of the Fine Chemicals Industry to protection or assistance in April 1949, has submitted its report. The scope of the enquiry has been confined to the following chemicals which are produced in the country in sufficient quantities:—

- (i) Calcium lactate,
- (ii) Iron-ammonium citrate,
- (iii) Potassium citrate, and
- (iv) Sodium citrate.

2. The Board has made the following recommendations:—

- (1) In the case of calcium lactate the existing revenue duty at 36 per cent. *ad val.* (standard) and 26 per cent. *ad val.* (preferential) should be converted into a protective duty at the same rates which should remain in force for three years from the date on which Government give effect to this recommendation. The relevant item in the Indian Customs Tariff should be suitably amended.
- (2) The three citrates mentioned in paragraph 1 above do not require any assistance by means of a protective duty.
- (3) Steps should be taken to maintain separate statistics of imports of calcium lactate, iron-ammonium citrate, potassium citrate and sodium citrate in the Accounts relating to Seaborne Trade and Navigation of India.
- (4) Import policy, while controls exist, should be so framed that imports of these chemicals are allowed only to the extent that indigenous production falls below indigenous demand
- (5) All the four fine chemicals falling within the scope of the report may be classified as medicines for the purpose of import control.

- (6) The Director-General of Health Services should take steps
 - (i) to stop the practice of repacking of manufactured drugs without indicating the fact that they have been repacked by a particular agency, and
 - (ii) strictly to enforce the Drugs Act so as to maintain the prescribed standards of quality.
- (7) The Central and State Governments should assist the industry in obtaining molasses of the requisite quality at reasonable prices.
- (8) The Central as well as State Governments should obtain, as far as possible, their requirements of these fine chemicals from indigenous sources.
- (9) The manufacturers should take steps to institute strict quality control at every stage in the production of these chemicals.
- (10) The manufacturers themselves should adequately publicise their products when these are in conformity with acceptable standards.
- (11) The industry should take steps for the production of citric acid in the country in order to help the establishment of the citric industry on sound lines.
- (12) All the units in the industry should maintain and forward to the Tariff Board detailed cost data at the end of every year; and statistics of production, sales, stocks and selling price at the end of every six months.

3. Government accept recommendations (1) to (4) and (6) to (8) above, and necessary actions will be taken accordingly, and to the maximum extent possible. Attention of the State Governments will also be invited to recommendations (7) and (8).

4. Sodium and potassium citrates are used in several industries and imports are classified as medicines or otherwise according to the quality of the product. Recommendation (5), if accepted, may therefore cause hardship in certain cases and Government do not therefore consider it possible to accept it.

5. Recommendations (9) to (12) concern the industry and their attention is invited to them.

ORDER

ORDERED that a copy of this resolution be communicated to all concerned, and it be published in the *Gazette of India*.

S. RANGANATHAN, Joint Secy.

RESOLUTION

TARIFFS

New Delhi, the 12th August 1950

No. 8(8)-T.B./50.—The claim of the liver extract industry for protection or assistance was referred to the Tariff Board for investigation and report in May, 1949. The Board has submitted its report. The scope of the enquiry includes oral and injectible liver extracts and their compounds.

2. The Board's recommendations are as follows:—

- (1) There is no case for protection to the liver extract industry, the fair selling prices of the indigenous products being appreciably below the landed costs, *ex-duty*, of comparable imports.

- (2) Licences for imports of such vitamins as are required for the preparation of liver extract compounds should be liberally granted.
- (3) The inspection of liver extract factories under the Drugs Control Act should be more systematic so as to ensure that the B.P. Standards are strictly adhered to by the manufacturers and that proper hygienic conditions are maintained throughout the manufacturing process.
- (4) Samples of liver extract produced by the different manufacturers should be collected by the inspectors and forwarded to the Haematological units for clinical tests. A few more Haematological units should be established at an early date in order to test the products of all the manufacturers at frequent intervals.
- (5) The Ministry of Health, Government of India should draw up a list of approved manufacturers and encourage the use of their products in the Government hospitals throughout the country.
- (6) The municipalities concerned should maintain proper hygienic conditions and examine the possibility of providing cold storage facilities at the slaughter houses from which raw liver is supplied for the liver extract industry.

3. Government accept recommendation (1) and also the other recommendations in principle and steps will be taken to give effect to them as far as possible. Recommendation (6) will also be brought to the notice of the States concerned.

ORDER

ORDERED that a copy of this resolution be communicated to all concerned, and it be published in the *Gazette of India*.

C. C. DESAI, Secy.

DEPARTMENT OF SCIENTIFIC RESEARCH

New Delhi the 2nd August 1950

No. 83(7)/50-SA-7979.—In continuation of this Department Notification No. 83(7)/50-SA-16, dated the 1st April 1950, the President on the recommendation of the Board of Scientific and Industrial Research, has been pleased to appoint Professor M. N. Saha and Dr. J. C. Ghosh to the Governing Body of the Council of Scientific and Industrial Research as representatives of the Board of Scientific and Industrial Research in accordance with the Rule, 19(5) of the Rules and Regulations of the Council of Scientific and Industrial Research.
